

Mandamus Welcome Video

Greetings and again, welcome.

You are now in the Postulant Section of your studies where you will be introduced to some of the history of our august tradition – the Rosicrucian Order, AMORC.

AMORC stands for the Ancient and Mystical Order Rosae Crucis or the Ancient and Mystical Order of the Rose Cross.

The Postulant Section presents a brief study of time, space, and consciousness.

Be sure to set up a specific time for your Rosicrucian studies each week so that you establish them as a priority. This also lets your family members and friends know that this time is for your personal work.

If you ever get behind in your lessons, don't worry, just catch up.

The Postulant Section includes many powerful Rosicrucian meditations and exercises, although they are very simple. Practice these as regularly as possible.

Most of all, enjoy! You have embarked on an incredible journey of learning and personal transformation.

The journey will not always be easy. It requires commitment.

It WILL, however, always be rewarding, and not just for you. May your growth and transformation through your experience in the Rosicrucian Order benefit those near and dear to you, be a benefit to all humanity, to all beings, and our planet.
